Date of birth: 30/10/1999 **Nationality**: Portuguese

ABOUT ME

I'm a Software Developer with a passion for creating user-centric applications that solve real-world problems. Over the past 2 years, I've developed expertise in languages like Java, C#, JavaScript, and frameworks such as React, Angular, Spring, .Net and Express, building applications that prioritize both performance and usability.

WORK EXPERIENCE

[20/02/2023 – 20/07/2023] **Internship Software Developer**

Claranet

City: Porto | **Country**: Portugal

Fuel Prices DGEG

-Full stack in.NET 5

-Javascript

-jQuery

-Bootstrap

-SQL Server

[10/2023 – 02/2025] **Freelancer**

Country: Portugal

Client Interaction and Requirements Gathering: Collaborated directly with clients to understand project requirements, define the scope, and deliver customized software solutions that effectively met their business needs.

Full-Stack Development: Designed, developed, and maintained full-stack applications using technologies such as the **MEAN/MERN stack**, **Angular with .NET**, and **Spring**. Worked on both front-end interfaces and back-end systems to ensure seamless functionality across the application.

Project Management and Delivery: Managed the complete software development lifecycle, including planning, development, testing, deployment, and post-launch support. Delivered projects on time while ensuring quality and client satisfaction.

EDUCATION AND TRAINING

[11/09/2014 – 06/06/2017] **Socio-Economic Sciences**

Alpendurada and Matos Secondary School

Address: Lugar da Granja, Alpendurada e Matos, 4575-025, Marco de Canaveses, Portugal
